Notes:

- 1 - On-site SEO review covering foundational elements to find areas where best practices aren't being adhered to.
- 2 - Keyword research delivered as an Excel report, which will help determine future blog topics.
- 3 - Up to 1250 words per blog. Topics to be determined collaboratively. 1-2 revisions included.
- 4 - Highly-targeted display campaigns to generate website traffic.
- 5 - Retargeting campaigns to re-engage existing website traffic with display ads.
- 6 - Creation of banner ads in the six most popular sizes. 1-2 revisions included.
- 7 - Landing page design and copywriting (600 words max.). Hosting fees for the landing page tool included.
- 8 - Marketing automation set-up, training, and strategy document. Usage caps apply; increased volume available.
- 9 - Creation of marketing automation assets such as white papers, case studies, infographics, etc. as needed.
- 10 - Onboarding includes client discovery call, review of current marketing situation, and administrative set-up.
- 11 - eBridge reserves the right to confirm the appropriateness of a package given client requirements.
